

**Altdorfer music holiday 2024
8 to 11 july 2024**

**Swiss folk music
traditional and contemporary**

Workshop with Pirmin Huber and Andreas Gabriel

The workshop focus is based on making music together with different instruments and playing by ear. Learning new Swiss Folk music pieces without sheets? Yes, that's possible!

Together we will:

Play by ear without music sheet
work out traditional pieces and own compositions
improvise on compositions
arrange pieces
accompany and play impromptu
Main goal, have fun playing together!

We mix traditional music with contemporary content.

Location:

The workshop will take place at the cultural monastery and its garden in Altdorf, Uri, Switzerland.

Dates:

The workshop will take place as of 8th July to 11th July 2024

The final concert will take place Thursday, 11th July 2024 at 05.00 PM in the monastery church.
