

**Workshop autumn 2024**

**Swiss folk music  
traditional and contemporary**

# Workshop with Pirmin Huber and Andreas Gabriel

The workshop focus is based on making music together with different instruments and playing by ear. Learning new Swiss Folk music pieces without sheets? Yes, that's possible!

Together we will:

Play by ear without music sheet  
work out traditional pieces and own compositions  
improvise on compositions  
arrange pieces  
accompany and play impromptu  
Main goal, have fun playing together!

We mix traditional music with contemporary content.

The workshop will take place alternately in Zurich (Pirmin Huber) and Lucerne (Andreas Gabriel).
